

# STATE of WISCONSIN

## OFFICE of the GOVERNOR

# Proclamation

*WHEREAS*; blood donation plays an essential role in ensuring that Wisconsin's hospitals and medical centers have a sufficient, readily available blood supply to treat all residents and visitors in the state; and

*WHEREAS*; donating blood is particularly important during the winter months, when obstacles such as inclement weather, winter illnesses, and busy holiday schedules may contribute to fewer blood donations; and

*WHEREAS*; according to the American Red Cross, while around 38 percent of the U.S. population is eligible to donate, only around three percent donate blood each year; and

*WHEREAS*; blood donation is critically important to the health and well-being of patients in hospitals and medical centers across the state, especially as the coronavirus pandemic continues to present significant challenges to the healthcare delivery system; and

*WHEREAS*; one blood donation has the potential to help save the lives of up to three individuals, underscoring the importance of constantly replenishing the blood supply through donations and community awareness; and

*WHEREAS*; Wisconsin is home to numerous organizations committed to raising awareness of the importance of blood donation, including Versiti Blood Center of Wisconsin and the American Red Cross, which distributes approximately 40 percent of the nation's blood supply; and

*WHEREAS*; on this occasion, the state of Wisconsin thanks all blood donors and encourages individuals across the state to embody their Wisconsin values of kindness, respect, empathy, and compassion by supporting local blood drives and blood donation efforts this month and throughout the new year;
